

PharmaLab Congress Düsseldorf/Neuss  
Conference: Endotoxin and Pyrogen Testing

# Monocyte Activation Test announcement at the PharmaLab 2023

Date 22 November, 2023

Site Crowne Plaza Düsseldorf / Neuss Rheinallee 1 Bacchus/Mars/Merkur

Time 14:45 - 15:15

Charles River Laboratories International, Inc.

## Implementing New Type of Monocyte Activation Test Method to Detect and Quantify Pyrogens

Speaker:

Dr Kasia Marciniak-Darmochwal,  
Charles River Laboratories

Time 16:30 - 17:00

MiCAN Technologies, Inc.

## Development of a Novel MAT test product "MylcMAT"

Speaker:

Kazuo Miyazaki  
MiCAN Technologies, Inc.  
Chief Executive Officer

<Title>

Development of a Novel MAT test product (MylcMAT)  
Using Immortalized Monocyte cells (aMylc cell)  
Derived from Peripheral Blood Mononuclear Cells

- ✓ Generating immortalized monocyte cells from peripheral blood mononuclear cells (aMylc cell) to develop a new MAT evaluation product (MylcMAT)
- ✓ Current developments in Japan and Europe
- ✓ Resolving the concerns about stable supply with existing PBMCs  
Development process and Characteristics of the cells and the MylcMAT

Mr. Miyazaki CEO will provide technological explanations on-site.  
If you will not be attending the conference, please inform us in advance,  
and we will arrange separate consultation near the venue on the day.
